

Effective Strategies for Working with Individuals with Acquired Brain Injury

with Joy Koeppen, LCSW, CBIS || Brittany Stratton, LCSW

Thursday, Oct. 3, 2024 | 10 AM - 12 PM MDT | Zoom

2 free CEUs *pending* for LSW, LMSW, LCSW, LPC, LCPC, LMFT*

This webinar is designed for behavioral health providers

Goal:

Participants in this training will become more aware of the impact of acquired brain injury on individuals with the injury and for those who care for and about those individuals and learn practical strategies and skills for effectively helping these individuals.

Participants will be able to:

- Identify severity levels, types and impact of acquired brain injury
- Identify causes of acquired brain injury
- Identify physical, cognitive and emotional symptoms of acquired brain injury
- Understand and apply effective strategies when providing services to individuals with brain injury
